Professional Summary

Motivated Software Developer and AI enthusiast pursuing a Bachelor of Technology in Artificial Intelligence and Data Science. Skilled in frontend development, Python programming, machine learning, and database management with strong analytical and problem-solving abilities. Passionate about building AI-powered and user-focused applications using modern technologies.

Education

Vignan Institute of Technology and Science	2023 – 2027
B.Tech in Artificial Intelligence and Data Science	CGPA: 8.64
SR Junior College	2021 – 2023
Intermediate (MPC)	CGPA: 9.54
Sri Vidya Vihar High School	2021
Secondary School Certificate (SSC)	CGPA: 9.8

Technical Skills

- **Programming Languages:** Python, Java (Basics), SQL
- **Web Technologies:** HTML5, CSS3, JavaScript
- **Libraries & Frameworks:** Scikit-learn, Pandas, Streamlit, Flask, OpenCV
- **Tools & Platforms:** Git, GitHub
- **Core Concepts:** DSA, Machine Learning, OCR, NLP

Projects

Student Placement Prediction System

Tech Stack: Python, Scikit-learn, Pandas, Streamlit

- Developed a machine learning model to predict student placement probability using academic and skill-based data.
- Performed data preprocessing, feature engineering, and model training using classification algorithms.
- Built an interactive Streamlit web application for real-time prediction and user input handling.
- Improved model usability with a responsive and user-friendly interface.

Medi Guide – Intelligent Prescription Analyzer

Tech Stack: Python, OCR, NLP, Flask, OpenCV

- Developed an AI-powered prescription analysis system using OCR techniques for handwritten and printed prescriptions.
- Implemented NLP methods to identify medicine names, dosage instructions, and scheduling details.
- Built an interactive application to improve prescription readability and patient understanding.
- Enhanced healthcare accessibility by converting prescriptions into structured and understandable outputs.

Certifications

- Oracle Certified Professional – Oracle Cloud Database Services 2025
- Programming in Java – NPTEL
- Learning Python – Infosys SpringBoard
- Microsoft Azure AI Essentials Professional Certificate
